

## **Assessing Manager Inspections**

The Assessor will be conducting inspections of properties sold during calendar year 2014, as with property that has or had a building permit. These interior inspections are conducted by our Assessing Manager Debbie Carbone and take approximately 20 minutes to complete. If access is not granted, a form letter will be left for you to contact the Assessor's Office to schedule an appointment.

This process is vital in establishing our 2016 Property Values, cooperation is greatly appreciated.

Thank you in advance for your cooperation,  
Debbie Carbone, MAA
