

Marissa Berry

Hi! My name is Marissa Berry and I am incredibly excited to be starting my first summer as a counselor for Summerscape! I have lived in North Reading my whole life, attending North Reading Public Schools all the while.

During my time in high school I enjoyed playing for the field hockey team, served as Vice President of the Masquers Club and performed in nearly every show put on, and served as a member of the National Honors Society. I am about to enter my junior year at Saint Joseph's College of Maine where I study Writing and Publishing along with English Secondary Education, but not before I spend the next fall semester abroad in London.

I cannot wait to meet to kids of Summerscape and prepare myself for a career as a teacher and writer.
