

Please join the Community Planning Commission and consultant Karen Sunnarborg for:

Affordable Housing Community Forum

Tuesday, June 27 at 7 p.m.

Town Hall, 235 North Street, Room 14

The community's input is needed as the town crafts its first Housing Production Plan.

What are the town's affordable housing needs?

Where and how can we meet them?

How can we best plan for compliance with the state's housing affordability laws?

All are welcome to attend – we need your feedback!

This project is made possible through a PATH (Planning Assistance Toward Housing) grant from the Massachusetts Department of Housing and Community Development
